The Multimedia Center of the School of Education

The Multimedia Center consists of two adjacent rooms located in the North Academic Center: NAC 4/221 and 4/216. PC desktops, scanners, and printers are available in 4/221 while 4/216 has iMac desktops, scanners, a printer, digital cameras, camcorders, iPods, and iPads.

The Multimedia Center infuses technology into School of Education courses as an instructional lab. Additionally, students can use the Multimedia Center during open lab hours. Students can receive technical support for their assignments, TaskStream and edTPA. Furthermore, students can borrow equipment for their assignments, e.g. camcorders or iPads to record student teaching, iPods to record interviews for their research project.

The Multimedia Center Website - http://teach.ccny.cuny.edu/mmc/

On the website you will find under Equipment & Rooms:

- **Procedures: How to Access ...:** you will find information about the reservation procedures and which equipment is available to borrow, e.g. digital cameras, camcorders, iPods and iPads (including accessories). Depending on the equipment, you might have to bring your own supplies for the cameras, e.g. videotapes, floppy disks, SD cards and batteries.

- **Schedule and Reserve:** Here you can check the schedule and reserve the equipment. Be aware that all reservations should be made at least one week in advance.

- **Workshops:** The Multimedia Center offers also workshops. You will find a list of scheduled and offered workshops you can sign up for.

**Technical Support**

The Multimedia Center has different open lab hours over the academic year. In the bulletin board in front of the rooms NAC 4/221 and 4/216 or on the website you will find the current opening hours. Please feel free to come to the Multimedia Center, to ask any technical question, and to explore technology. We will try to answer all questions and support you in accomplishing your projects. Please contact me if you have further questions:
